BACKGROUND / KNEE SOCKS, MADISON / COAT, ZARA

THE HORSE
GALLOPING
A TOMATO

They are a disinterested play of thought. They are the visual transcription of the surrealist mash-up appearing in my thoughts. They are the absurd collage revealed in my dreams. They are the emptiness of the mass and the standout of the past. They are the inconsistency of the future. They are «bien comme il faut» as much as they are unswervingly subversive. They are nothing and they mean everything.
